

Cleaning and safety protocol

- We are committed to guaranteeing you our maximum care to safety, constantly following the instructions provided by the WHO (World Health Organization).
- We have implemented cleaning and disinfection protocols, making them even more stringent, following WHO recommendations and using disposable products.
- We wash linen at high temperatures, with the addition of additives suitable for disinfection, with adequate drying (luckily the sun is not missing in Sardinia) and ironing.
- We thoroughly respect the rules about the waste disposal, and we ask for your cooperation.

Should you have any questions about your stay or our services, please feel free to ask.
We look forward to welcoming you!
